

GATEWAY vs COLLECTION

Comparison Guide

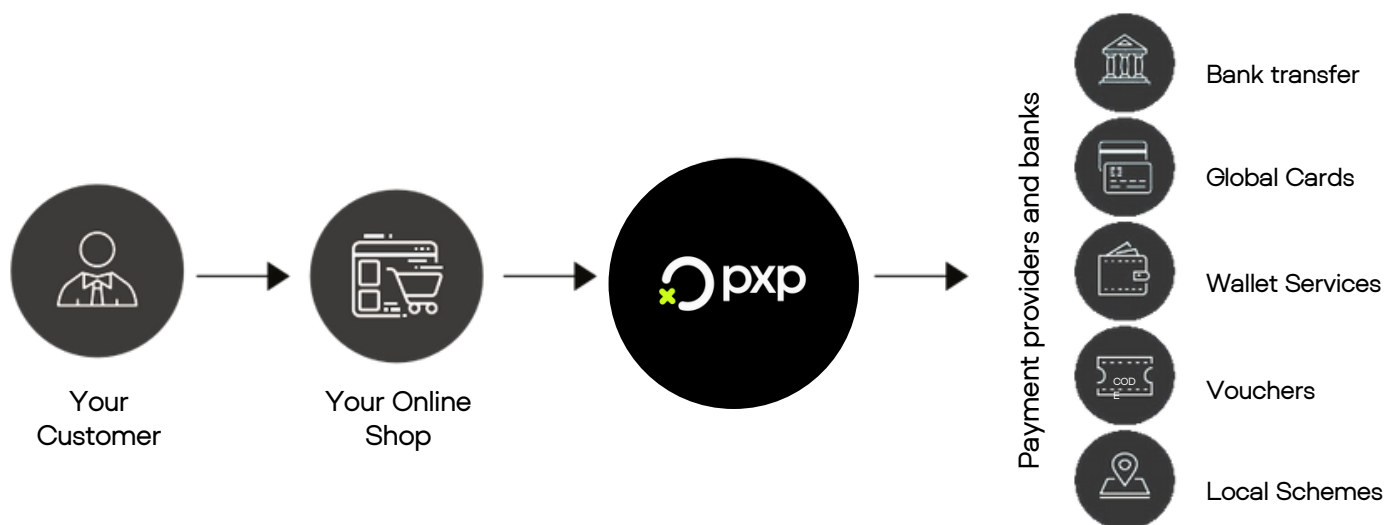

Gateway vs Collection Solution: comparison

	Gateway	Collection
Contracts	You need to sign a contract with each provider directly (supported by PXP).	You need just one contract with PXP and we take care of all the relations for you.
Settlement	<ul style="list-style-type: none"> Providers will settle directly to you PXP will reconcile the payments and provide you a reconciliation report 	<ul style="list-style-type: none"> Providers will settle directly to PXP PXP will take care of the transaction reconciliation with providers and settlement of funds to you and provides a detailed settlement report
Settlement currencies	This is dependent on the Provider agreement.	PXP offers 10 settlement currencies: EUR, USD, GBP, AUD, CAD, SEK, DKK, NOK, CHF and JPY.

Gateway

Payment Processing

Our payments platform connects merchants, consumers and payment providers together; processing millions of payments transactions through hundreds of local and global payment methods.

Payment methods

PXP offers a processing interface for more than 120 of the world's most popular payment methods - so you make sure your customers always have an easy way to pay for your gaming service.

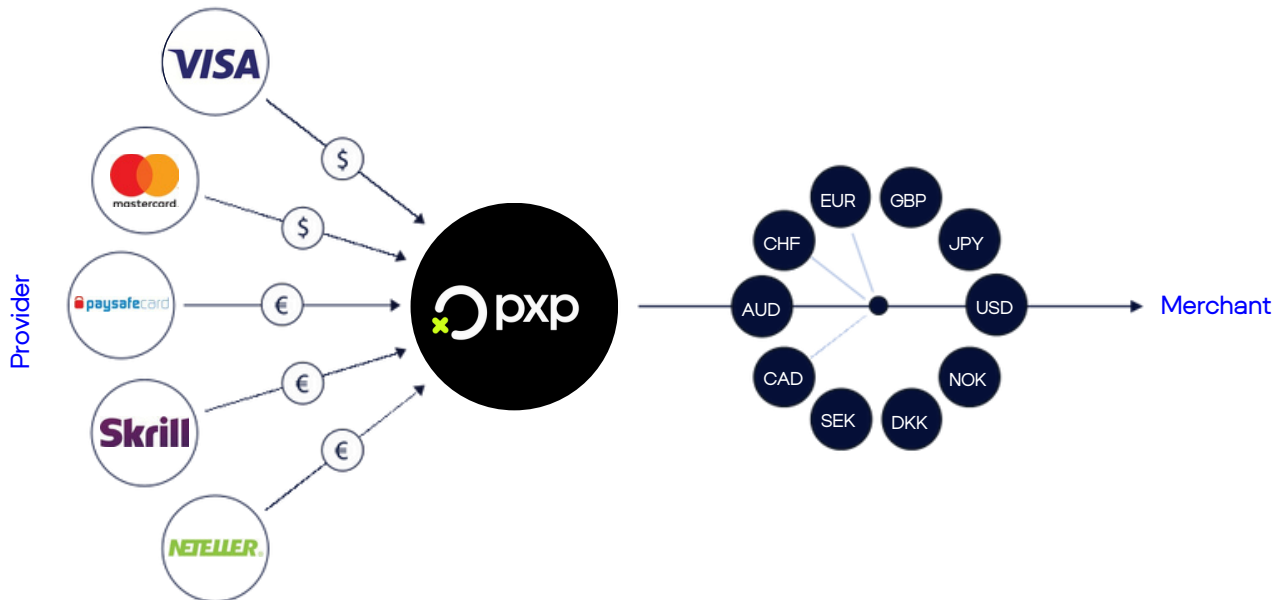

For a detailed list of all payment methods offered by PXP please contact us directly. We provide conversion and drop off metrics related to the PXP's Checkout solution (hosted Payment Pages). Graphical dashboards and reports are presented using Google Analytics. You can also receive:

- Track customer behaviour on the payment pages
- Understand drop-offs
- View reports and statistics on conversion metrics
- Analyse the effectiveness of the payment pages
- Possibility to drive enhancements on conversion
- Rely on PXP's payment pages instead of insourcing checkout

Collection services

We make your life easier by managing your entire payment flow from start to finish. We take care of the complete relationship with providers. All you need is one contract with PXP and you're ready to go with any of our payment methods and a huge network of acquirers.
